Total number of participants:	25	From total number of countries:	3 (Romania, Italy, Netherlands)
Description			
<i>Provide a short description of the event and its activities.</i>			
The WP15. BLUE4EU conclusion sessions & sustainability planning event held in Rome, Italy, brought together participants from 3 European countries as part of the Blue4EU project. Wednesday, 15 April 2026 - Building the Sustainability Framework The first day focused on setting the objectives of the sustainability event and bringing partners together to reflect on the long-term legacy of Blue4EU. Participants discussed strategies for sustaining, replicating, and scaling up the project's approach to combating historical distortion and promoting EU fundamental rights and values, before collaboratively drafting the Blue4EU Sustainability, Replication and Scaling-Up Plan. Thursday, 16 April 2026 - Why Blue4EU Matters The second day explored the importance of addressing historical distortion through education and oral history methodology. Participants engaged in interactive fact-checking exercises, reflected on young people's perspectives through oral history testimonies collected within the project, and exchanged experiences with educators and experts. The day concluded with a study visit dedicated to sharing Romanian and Italian practices in oral history. Friday, 17 April 2026 - Consolidating Results and Looking Ahead The partners engaged stakeholders in dissemination activities, reflected on the follow-up of community initiatives, and identified opportunities for future cooperation under the theme "Blue4EU - The Sequel", ensuring the project's impact continues beyond its lifetime. At the same time, the partners worked on final draft ideas for the Blue4EU sustainability plan.
